December 16, 1992

Dear Folks,

I must say your letter and all those wonderful signatures is like taking a fresh breath of air in a climate of thick smog.

You are correct, 11 NEWS has taken a great deal of heat over our coverage of Amendment 2. You are also correct that we have tried very hard to bring our viewers both sides of the issue. I think we have been successful.

It is an interesting dilemma. Anytime you report on a controversial issue, you always come away being designated liberal. No matter what side of the issue one finds you, even though you try to stay right down the middle, you are branded the liberal.

We are used to this position. I must say though, what a nice surprise to hear from viewers who think you've done something right. It is an easy thing to pick up paper and pen and express your feelings when you under a charge. It is truly another thing when you simply feel one's done the right and you take the time and trouble to say thanks.

You all made our day, maybe even our week. Please accept our thanks for thinking of us here at 11 NEWS. And keep watching, I think it's only just begun.

Sincerely

Lloyd G. Wright
